

## **DEPARTMENT OF LABOR**

### **Employment and Training Administration**

#### **Program Year (PY) 2020 Workforce Innovation and Opportunity Act (WIOA)**

#### **Allotments; PY 2020 Wagner-Peyser Act Allotments and PY 2020 Workforce**

#### **Information Grants**

**AGENCY:** Employment and Training Administration, Labor.

**ACTION:** Notice.

**SUMMARY:** This notice announces allotments for PY 2020 for WIOA Title I Youth, Adult and Dislocated Worker Activities programs; allotments for Employment Service (ES) activities under the Wagner-Peyser Act for PY 2020 and the allotments of Workforce Information Grants to States for PY 2020.

**DATES:** The Department must receive comments on the formula used to allot funds to the Outlying Areas by **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

**ADDRESSES:** Submit written comments to the Employment and Training Administration (ETA), Office of Financial Administration, 200 Constitution Avenue, NW., Room N-4702, Washington, DC 20210, Attention: Ms. Anita Harvey, e-mail: [harvey.anita@dol.gov](mailto:harvey.anita@dol.gov).

Commenters are advised that mail delivery in the Washington area may be delayed due to security concerns. The Department will receive hand-delivered comments at the above address. All overnight mail will be considered hand-delivered and must be received at the designated place by the date specified above.

Please submit your comments by only one method. The Department will not review comments received by means other than those listed above or that it receives after the comment period has closed.

*Comments:* The Department will retain all comments on this notice and will release them upon request via email to any member of the public. The Department also will make all the comments it receives available for public inspection by appointment during normal business hours at the above address. If you need assistance to review the comments, the Department will provide you with appropriate aids such as readers or print magnifiers. The Department will make copies of this notice available, upon request, in large print, Braille, and electronic file. The Department also will consider providing the notice in other formats upon request. To schedule an appointment to review the comments and/or obtain the notice in an alternative format, contact Ms. Harvey using the information provided above. The Department will retain all comments received without making any changes to the comments, including any personal information provided. The Department therefore cautions commenters not to include their personal information such as Social Security Numbers, personal addresses, telephone numbers, and e-mail addresses in their comments; this information would be released with the comment if the comments are requested. It is the commenter's responsibility to safeguard his or her information.

**FOR FURTHER INFORMATION CONTACT:** WIOA Youth Activities allotments – Sara Hastings at (202) 693-3599; WIOA Adult and Dislocated Worker Activities and ES allotments – Andrew Ridgeway at (202) 693-3536; Workforce Information Grant allotments – Donald Haughton at (202) 693-2784. Individuals with hearing or speech

impairments may access the telephone numbers above via TTY by calling the toll-free Federal Information Relay Service at 1-877-889-5627 (TTY/TDD).

**SUPPLEMENTARY INFORMATION:**

WIOA allotments for states and the state allotments for the Wagner-Peyser Act are based on formulas defined in their respective statutes. WIOA requires allotments for the Outlying Areas to be competitively awarded rather than based on a formula determined by the Secretary of Labor (Secretary) as occurred under the Workforce Investment Act (WIA). However, for PY 2020, the Further Consolidated Appropriations Act, 2020 waives the competition requirement, and the Secretary is using the discretionary formula rationale and methodology for allocating PY 2020 funds for the Outlying Areas (American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, the Republic of Palau, and the United States Virgin Islands) that was published in the *Federal Register* at 65 FR 8236 (Feb. 17, 2000). WIOA specifically included the Republic of Palau as an Outlying Area, except during any period for which the Secretary of Labor and the Secretary of Education determine that a Compact of Free Association is in effect and contains provisions for training and education assistance prohibiting the assistance provided under WIOA; no such determinations prohibiting assistance have been made. The formula that the Department of Labor (Department) used for PY 2020 is the same formula used in PY 2019 and is described in the section on Youth Activities program allotments. The Department invites comments only on the formula used to allot funds to the Outlying Areas.

The Department is announcing WIOA allotments for PY 2020 for Youth Activities, Adults and Dislocated Worker Activities, Wagner-Peyser Act PY 2020

allotments, and PY 2020 Workforce Information Grant allotments. This notice provides information on the amount of funds available during PY 2020 to states with an approved WIOA Combined or Unified State Plan, and information regarding allotments to the Outlying Areas.

On December 20, 2019, the Further Consolidated Appropriations Act, 2020, Pub. L. 116-94 was signed into law (“the Act”). The Act, Division A, Title I, Sections 106(b) and 107 of the Act allows the Secretary of Labor (Secretary) to set aside up to 0.5 percent of each discretionary appropriation for activities related to program integrity and 0.75 percent of most operating funds for evaluations. For 2020, as authorized by the Act, the Department has set aside \$818,000 of the Training and Employment Services (TES) appropriation for evaluations. ETA reserved these funds from the WIOA Adult, Youth, and Dislocated Worker program budgets. Any funds not utilized for these reserve activities will be provided to the states. We also have attached tables listing the PY 2020 allotments for programs under WIOA Title I Youth Activities (Table A), Adult and Dislocated Workers Employment and Training Activities (Tables B and C, respectively), and the PY 2020 Wagner-Peyser Act allotments (Table D). We also have attached the PY 2020 Workforce Information Grant table (Table E).

**Youth Activities Allotments.** The appropriated level for PY 2020 for WIOA Youth Activities totals \$913,130,000. After reducing the appropriation by \$224,000 for evaluations, \$912,906,000, is available for Youth Activities. Table A includes a breakdown of the Youth Activities program allotments for PY 2020 and provides a comparison of these allotments to PY 2019 Youth Activities allotments for all States and Outlying Areas. For the Native American Youth program, the total amount available is

1.5 percent of the total amount for Youth Activities (after the evaluations set-aside), in accordance with WIOA section 127. The total funding available for the Outlying Areas was reserved at 0.25 percent of the amount appropriated for Youth Activities (after the evaluations set aside) after the amount reserved for Native American Youth (in accordance with WIOA section 127(b)(1)(B)(i)). On December 17, 2003, Pub. L. 108-188, the Compact of Free Association Amendments Act of 2003 (“the Compact”), was signed into law. The Compact specified that the Republic of Palau remained eligible for WIA Title I funding. See 48 U.S.C 1921d(f)(1)(B)(ix). WIOA sec. 512(g)(1) updated the Compact to refer to WIOA funding. The National Defense Authorization Act for Fiscal Year 2018 (Division A, Title XII, Subtitle F, Section 1259C(c) of Pub. L. 115-91) authorized WIOA Title I funding to Palau through FY 2024.

Under WIA, the Secretary had discretion for determining the methodology for distributing funds to all Outlying Areas. Under WIOA the Secretary must award the funds through a competitive process. However, for PY 2020, the Further Consolidated Appropriations Act, 2020 waives the competition requirement regarding funding to Outlying Areas (e.g., American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, the Republic of Palau, and the United States Virgin Islands). For PY 2020, the Department used the same methodology used since PY 2000 (i.e., we distribute funds among the Outlying Areas by formula based on relative share of the number of unemployed, a minimum of 90 percent of the prior year allotment percentage, a \$75,000 minimum, and a 130 percent stop gain of the prior year share). For the relative share calculation in PY 2020, the Department continued to use the data obtained from the 2010 Census for American Samoa, Guam, the Commonwealth of the Northern Mariana

Islands, and the United States Virgin Islands. For the Republic of Palau, the Department used data from Palau's 2015 Census. The Department will accept comments on this methodology.

After the Department calculated the amount for the Outlying Areas and the Native American program, the amount available for PY 2020 allotments to the states is \$896,964,379. This total amount is below the required \$1 billion threshold specified in WIOA sec. 127(b)(1)(C)(iv)(IV); therefore, the Department did not apply the WIOA additional minimum provisions. Instead, as required by WIOA, the minimums of 90 percent of the prior year allotment percentage and 0.25 percent state minimum floor apply. WIOA also provides that no state may receive an allotment that is more than 130 percent of the allotment percentage for the state for the previous year. The three data factors required by WIOA sec. 127(b)(1)(C)(ii) for the PY 2020 Youth Activities state formula allotments are, summarized slightly, as follows:

- (1) The average number of unemployed individuals in Areas of Substantial Unemployment (ASUs) for the 12-month period, July 2018 - June 2019 in each state compared to the total number of unemployed individuals in ASUs in all states;
- (2) Number of excess unemployed individuals or excess unemployed individuals in ASUs (depending on which is higher) averages for the same 12-month period used for ASU unemployed data compared to the total excess unemployed individuals or ASU excess number in all states; and
- (3) Number of disadvantaged youth (age 16 to 21, excluding college students not in the workforce and military) from special tabulations of data from the American

Community Survey (ACS), which the Department obtained from the Census Bureau in each state compared to the total number of disadvantaged youth in all states. ETA obtained updated data for use in PY 2018 and the same data must be used in PY 2020. The Census Bureau collected the data used in the special tabulations for disadvantaged youth between January 1, 2011 - December 31, 2015.

For purposes of identifying ASUs for the Youth Activities allotment formula, the Department continued to use the data made available by BLS (as described in the Local Area Unemployment Statistics (LAUS) Technical Memorandum No. S-19-15). For purposes of determining the number of disadvantaged youth, the Department used the special tabulations of ACS data available at:

<https://www.dol.gov/agencies/eta/budget/formula/disadvantagedyouthadults>.

See TEGL No. 14-17 for further information.

**Adult Employment and Training Activities Allotments.** The total appropriated funds for Adult Activities in PY 2020 is \$854,649,000. After reducing the appropriated amount by \$175,000 for evaluations, \$854,474,000 remains for Adult Activities, of which \$852,337,815 is for states and \$2,136,185 is for Outlying Areas. Table B shows the PY 2020 Adult Employment and Training Activities allotments and a state-by-state comparison of the PY 2020 allotments to PY 2019 allotments.

In accordance with WIOA, the Department reserved the total available for the Outlying Areas at 0.25 percent of the full amount appropriated for Adult Activities (after the evaluations set-aside). As discussed in the Youth Activities section above, in PY 2020 the Department will distribute the Adult Activities funding for the Outlying Areas,

using the same principles, formula, and data as used for outlying areas for Youth Activities. The Department will accept comments on this methodology. After determining the amount for the Outlying Areas, the Department used the statutory formula to distribute the remaining amount available for allotments to the states. The Department did not apply the WIOA minimum provisions for the PY 2020 allotments because the total amount available for the states was below the \$960 million threshold required for Adult Activities in WIOA sec. 132(b)(1)(B)(iv)(IV). Instead, as required by WIOA, the minimums of 90 percent of the prior year allotment percentage and 0.25 percent state minimum floor apply. WIOA also provides that no state may receive an allotment that is more than 130 percent of the allotment percentage for the state for the previous year. The three formula data factors for the Adult Activities program are the same as those used for the Youth Activities formula, except the Department used data for the number of disadvantaged adults (age 22 to 72, excluding college students not in the workforce and military).

**Dislocated Worker Employment and Training Activities Allotments.** The amount appropriated for Dislocated Worker activities in PY 2020 totals \$1,322,912,000. The total appropriation includes formula funds for the states, while the National Reserve is used for National Dislocated Worker Grants, technical assistance and training, demonstration projects, Workforce Opportunity for Rural Communities, Community College Grants, and the Outlying Areas' Dislocated Worker allotments. After reducing the appropriated amount by \$419,000 for evaluations, a total of \$1,322,493,000 remains available for Dislocated Worker activities. The amount available for Outlying Areas is \$3,306,233, leaving \$267,473,767 for the National Reserve and a total of \$1,051,713,000

available for states. Table C shows the PY 2020 Dislocated Worker activities allotments and a state-by-state comparison of the PY 2020 allotments to PY 2019 allotments.

Similar to the Adult Activities program, the Department reserved the total available for the Outlying Areas at 0.25 percent of the full amount appropriated for Dislocated Worker Activities (after the evaluations set-aside). Similar to Youth and Adult funds, instead of competition, in PY 2020 the Department will use the same pro rata share as the areas received for the PY 2020 WIOA Adult Activities program to distribute the Outlying Areas' Dislocated Worker funds, the same methodology used in PY 2019. The Department will accept comments on this methodology.

The three data factors required in WIOA sec. 132(b)(2)(B)(ii) for the PY 2020 Dislocated Worker state formula allotments are, summarized slightly, as follows:

- (1) Relative number of unemployed individuals in each state, compared to the total number of unemployed individuals in all states, for the 12-month period, October 2018 - September 2019;
- (2) Relative number of excess unemployed individuals in each state, compared to the total excess number of unemployed individuals in all states, for the 12-month period, October 2018 - September 2019; and
- (3) Relative number of long-term unemployed individuals in each state, compared to the total number of long-term unemployed individuals in all states, for the 12-month period, October 2018 - September 2019.

In PY 2020, under WIOA the Dislocated Worker formula uses minimum and maximum provisions. No state may receive an allotment that is less than 90 percent of the state's prior year allotment percentage (stop loss) or more than 130 percent of the state's prior

year allotment percentage (stop gain).

Low unemployment rates in the states have impacted the excess unemployment data factor in the WIOA Dislocated Worker formula. The excess unemployment rate of 4.5 percent and low unemployment result in all states triggering either their statutorily required stop loss or stop gain provision, with some PY 2020 funding undistributed. WIOA specifically prohibits distributing an amount to a state that is more than its stop gain limit. Based on this statutory limitation, the Department distributed the remaining balance of funds according to the formula driven relative share of all states triggering the stop loss provision.

**Wagner-Peyser Act ES Allotments.** The appropriated level for PY 2020 for ES grants totals \$668,052,000. After determining the funding for Guam and the United States Virgin Islands, the Department calculated allotments to states using the formula set forth at section 6 of the Wagner-Peyser Act (29 U.S.C. 49e). The Department based PY 2020 formula allotments on each state's share of calendar year 2019 monthly averages of the civilian labor force (CLF) and unemployment. Section 6(b)(4) of the Wagner-Peyser Act requires the Secretary to set aside up to three percent of the total funds available for ES to ensure that each state will have sufficient resources to maintain statewide ES activities. In accordance with this provision, the Department included the three percent set aside funds in this total allotment. The Department distributed the set-aside funds in two steps to states that have experienced a reduction in their relative share of the total resources available this year from their relative share of the total resources available the previous year. In Step 1, states that have a CLF below one million and are also below the median CLF density were maintained at 100 percent of their relative share of prior year

resources. ETA calculated the median CLF density based on CLF data provided by the BLS for calendar year 2019. The Department distributed all remaining set-aside funds on a pro-rata basis in Step 2 to all other states experiencing reductions in relative share from the prior year but not meeting the size and density criteria for Step 1. The distribution of ES funds (Table D) includes \$666,423,522 for states, as well as \$1,628,478 for Outlying Areas.

Section 7(a) of the Wagner-Peyser Act (49 U.S.C. § 49f(a)) authorizes states to use 90 percent of funds allotted to a state for labor exchange services and other career services such as job search and placement services to job seekers; appropriate recruitment services for employers; program evaluations; developing and providing labor market and occupational information; developing management information systems; and administering the work test for unemployment insurance claimants. Section 7(b) of the Wagner-Peyser Act states that 10 percent of the total sums allotted to each state must be reserved for use by the Governor to provide performance incentives for public ES offices and programs, provide services for groups with special needs, and to provide for the extra costs of exemplary models for delivering services of the type described in section 7(a) and models for enhancing professional development and career advancement opportunities of state agency staff.

**Workforce Information Grants Allotments.** Total PY 2020 funding for Workforce Information Grants allotments to states is \$32,000,000. Table E contains the allotment figures for each state and Outlying Area. The Department distributes the funds by administrative formula, with a reserve of \$176,800 for Guam and the United States Virgin Islands. Guam and the United States Virgin Islands allotment amounts are

partially based on CLF data. The Department distributes the remaining funds to the states with 40 percent distributed equally to all states and 60 percent distributed based on each state's share of CLF for the 12 months ending September 2019.
